

## **Abrasive Metering Valve MP-1/2"**

This high quality brand belongs to the product group "pressure blast systems". Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

### **Abrasive Metering Valve MP 1/2"**

The MP-1/2" is a manual metering valve that allows fine metering of the abrasive media for small blast machines. It belongs to the latest generation and it excels by its ruggedness. Every abrasive media can be used with this valve and it has a scale for reproducible settings.

Area of application	for SCW-1028 and -1628 blast machine (1/2")
Abrasive media	suitable for every common media
Blasting pressure	0 < > 12 bar
Operating temperature	-15°C < > +50°C
