

Abrasive Metering Valve Quantum K (QK)

This high quality brand belongs to the product group "pressure blast systems". Only the perfect configuration and match of all system components in a blast machine enable maximum blasting efficiency. Therefore Clemco offers an extensive and complete range of quality products.

Abrasive Metering Valve QK - Quantum K

This manual metering valve combines a rugged construction with a good wear protection due to the usage of tungsten carbide. The Quantum K also allows a very precise metering of the blast media.

Area of application	for every 1 1/4" blast pot
Abrasive media	suitable for every common media
Blasting pressure	0 < > 12 bar
Operating temperature	0°C < > 50°C
